RE: REQUEST FOR ADVISORY OPINION 01-127

Dear Mr. Vera:

The Commission on Ethics and Public Trust considered your request for opinion at their meeting on December 11, 2001 and rendered its opinion based on the facts stated in your letter.

You requested an opinion regarding any conflicts between the firm's current inspection work on the Northside Runway project and serving as a member of the Construction Inspection Services team.

In your letter, you advised the Commission that the Aviation Department recently issued a Request for Proposals for firms to provide construction inspection services for the Northside Runway. The services include administration assistance scheduling, construction phase inspections and final inspections during the closeout phases of construction. The services shall also include project management and coordinating daily inspections. The Construction Inspection Services team should include specialized inspectors including civil, mechanical, electrical (airfield lighting), airfield equipment, drainage and plumbing to perform inspections commencing in January, 2002.
